Authority and Reference: Pursuant to the authority vested by Sections 28, 4980.60 and 4990.14 of the Business and Professions Code (Code), and to implement, interpret and make specific Sections 28, 4980.41, 4996.2, 4980.54, and 4996.22 of the Code, the Board is considering changes to Division 18 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/PLAIN ENGLISH OVERVIEW

Regulation Section 1807.2 addresses the pre licensure requirement for child abuse assessment training. This section indicates the minimum hours of training needed and the various entities or educational institutions by which this training may be taken. Effective May 19, 1997, the Board began implementing the requirement of continuing education as a condition of licensure renewal. Part of the implementation also included the Board's authority to register continuing education providers. Section 1807.2 does not include licensed health facilities and continuing education providers approved by the Board as those who may offer this required training. This section also includes an incorrect reference to the Education Code.

This proposal will expand the acceptable entities who can offer child abuse assessment training. This will allow continuing education providers and licensed health facilities the opportunity to offer this necessary training and pre licensed individuals will have a wider selection of sources in order to fulfill this requirement. Additionally, this proposal will reference the correct section of the Education Code that relates to the approving authority of the Bureau for Private Postsecondary and Vocational Education.
