Subject: Discussion and Possible Action Regarding Proposed Revisions to California Code of Regulations, Title 16, Division 18, Article 8 Board of Behavioral Sciences Continuing Education Requirements

Background

Since its creation in November 2011 the Continuing Education Provider Review Committee has been meeting in order to address and a number of concerns related to the Board’s Continuing Education Provider requirements. During the last meeting, the committee reviewed draft language that would remove the board’s authority to directly approve continuing education providers. This language will also establish the Board’s authority to accept CE credits from providers who have been approved or registered by a Board recognized “approval agency” or by an organization, institution, association or entity that has been recognized by the Board as a continuing education provider.

The draft language has been revised in order to address concerns raised during the last meeting.

Recommendation

Staff recommends that the Committee conducts an open discussion as to whether the proposed language for the Board’s Continuing Education program addresses the issue previously determined in October. Specifically, discussion should address:

- The proposed criteria for entities to be recognized as “approval agencies”;
- The use of the term “evidence based practice”;
- Whether there should be a restriction for receiving CE credits for activities in which a licensee receives remuneration;
- The appropriateness of the Board recognized continuing education providers that have been named; and
- Initial discussion on further defining self-study and online learning.
