This is a one-time requirement for those licensees specified above.

Equivalent HIV and AIDS courses taken prior to the adoption of these regulations, or proof of equivalent teaching or practice experience, may be submitted to the board upon request in lieu of this requirement; however, this coursework or experience shall not be credited as hours towards the continuing education requirements.

(d) Any person renewing his or her license on and after January 1, 2004 shall have completed a not less than six (6) hours of continuing education course in the subject of law and ethics for each renewal cycle. The six (6) hours course shall be considered part of the thirty-six (36) hour continuing education requirement.

~~(f)~~ (g) A licensee who takes a course as a condition of probation resulting from disciplinary action by the board may not apply the course as credit towards the continuing education requirement.
