

**MEMORANDUM**

<b>DATE</b>	April 22, 2026
<b>TO</b>	Board Members
<b>FROM</b>	Dawn Herrera, Examination Manager
<b>SUBJECT</b>	Examination Report

**Examination Pass Rates**

The table below reflects the examination totals of all exams for the current and prior quarters as well as the first-time test takers with the percentage of those who passed.

A total of 6,205 exams were administered in the 3<sup>rd</sup> quarter of FY 2025/2026. This represents an approximate 3.45% increase in exam administration from the 2<sup>nd</sup> quarter of FY 2025/2026. For a detailed view of the school pass rate, please see Attachment A-Exam School Report 3<sup>rd</sup> Quarter FY 2025-2026.

**Office of Professional Examination Services (OPES)**

During the first quarter of FY 2025-26, there was an atypical and temporary dip in the LCSW Law and Ethics pass rate. OPES consistently monitors statistical performance of the overall examination and individual items on an ongoing basis, and the lower pass rate prompted additional analyses. All items included as scoreable items have historical statistics, and analyses showed performance during this time were consistent with previous administrations. The overall difficulty of the examination and passing score were also consistent with the previous exam administrations. While pass rates during this quarter demonstrated greater fluctuation than would be expected, the overall pass rate did return to and currently remains consistent with what is more typically observed.

It is important to note that extraneous variables can impact pass rates during a given period of time and anomalous situations do occur. OPES monitors exam performance to

ensure validity and integrity of the examination is maintained and immediately addresses any situations that require attention.

### **Examination Development**

Between January 1, 2026, and March 31, 2026, a total of 6 workshops were conducted. Three workshops were held in person at OPES, and three were conducted at remote locations.

The workshops covered the following:

- LCSW Occupational Analysis
- LEP Exam Construction
- LEP Item Review
- LMFT-LE Item Writing
- LMFT-LE Item Review
- LPCC Exam Construction

To broaden the pool of qualified professionals contributing diverse perspectives to the exam development process, and to help ensure exam content remains relevant, fair, and reflective of actual practice, the Board published an article in its February 2026 Newsletter encouraging Subject Matter Expert (SME) participation. That outreach resulted in an increase of 12 qualified SMEs to date. The Board continues to receive inquiries, and each application is reviewed and processed in accordance with established procedures.

### **Association of Social Work Board (ASWB)**

To evaluate whether the ASWB Clinical Examination pass rates present any cause for concern, Board staff contacted ASWB directly for data. The 2025 pass rate summary is not yet available. ASWB released the 2024 pass/fail summary in August 2025, so the Board anticipates receiving the 2025 results around August 2026. The 2024 state-level ASWB examination pass rate data is included in Attachment B.

The Board observed a slight increase in the overall pass rate from the second to the third quarter of FY 2025–26. First-time pass rates provide a more reliable indicator, as the overall pass rates combine first-time and repeat attempts, which can obscure performance trends.

First-time pass rates offer a more accurate measure of candidate readiness, as they directly reflect the effectiveness of initial academic preparation, supervised experience, and exam study.

On March 23, 2026, ASWB began a pilot program to offer the option of online proctored exams for select candidates.

During the trial period, candidates who live 100 miles or more from the nearest Pearson VUE test center or have approval for online proctoring as a nonstandard testing arrangement due to a medical disability or health condition which makes in-person

testing unsafe, may be offered the opportunity to participate in the pilot program. These candidates must also meet technical and environmental requirements that help safeguard examination security.

Upon completion of the pilot program, ASWB will confirm whether remote proctoring will uphold exam security standards and reduce barriers for candidates with extenuating circumstances.

### **Pearson Professional Assessments (Pearson)**

Pearson VUE has rebranded and is now known as Pearson Professional Assessments (Pearson).

Last September, Pearson announced plans to allow digital IDs and to eliminate the requirement for a signature on IDs. Since then, Pearson has assessed global digital ID standards and regulations and has determined that more time is needed to design and implement a robust, scalable solution. At this time, Pearson does not expect to make any policy changes and will provide an update in late 2026. In the event changes occur sooner, Pearson will provide at least 60 days' notice before any policy changes take effect.

The addition of security scanning (wanding) at candidate check-in started rolling out at all Pearson Professional Centers (PPC) on April 20, 2026. Pearson estimates having all Americas sites fully launched by the end of May 2026, and the remaining PPC network completed by the end of December 2026. Once implemented, there will be a zero-tolerance policy regarding the possession and/or use of unauthorized electronic devices in the testing area.

The policy mandates that all non-approved electronic devices are strictly forbidden inside the testing area. Candidates will be instructed to power off and store all electronic devices before checking in with the exam proctor. Candidates who fail to do so will not be permitted to take the test and will forfeit their exam fee. There will be a six-month transition period for candidates to decline the additional scanning. Post-launch, all candidates at PPCs must be scanned during check-in. Those with medical or religious reasons may seek a waiver from Pearson using the established accommodation process. The estimated transition period is scheduled to be completed in October 2026. This additional scanning policy will be incorporated into the updated exam candidate handbook.

The exam candidate handbook revisions have been submitted to Pearson. Once the updates are finalized, the handbook will be posted for candidate review. The revisions include clarifying the distinction between the exam time and the allotted time shown on the scheduling confirmation. The exam time reflects the actual exam time, while the allotted time represents the total seat time, which includes the NDA review, instructions, and the end-of-exam survey. Additional edits clarify the difference between the exam eligibility end date and the accommodation end date. This clarification is essential, as applicants for licensure must test within one year of initial exam approval or within one

year of a failed attempt, in accordance with California Code of Regulations Section 1806.

To support the Board’s future statistical reporting on both ESL and non-ESL accommodations, Pearson has introduced a new ESL accommodation code. This code was implemented on April 15, 2026, and Board staff began using it immediately.

**Examination and Cashiering Unit Emails**

<b>Examination and Cashiering Unit Emails Received</b>		<b>3rd Quarter FY 24/25</b>	<b>3rd Quarter FY 25/26</b>	<b>Percentage Difference</b>
	<b>Exams</b>	3,396	3,348	-1.41%
	<b>SMEs</b>	249	142	-42.97%
	<b>Accommodations</b>	N/A	230	N/A
	<b>Cashiering</b>	4,124	4,216	2.23%
	<b>Total</b>	<b>7,769</b>	<b>7,936</b>	<b>2.15%</b>

The rise in SME emails last fiscal year was primarily due to the renewal cycle for several SME contracts. Since SME agreements remain valid for three years once executed, the Board encountered an unusually large number of contracts expiring at the same time during the 3rd quarter of FY 2024-25. This resulted in increased communication with the subject matter experts.
