1. What are the two paths to licensure for out-of-state applicants?

Path A is called “Licensure by Credential”. It is for applicants who meet ALL FOUR of the qualifications listed in #2 below.

Path B is called “Licensure via Education and Experience”. It is for applicants who do NOT meet all four of the requirements of Path A.

2. What are the qualifications I need to apply under Path A?

Path A “Licensure by Credential” is only available if you meet **ALL FOUR** of the following qualifications:

1. You have held an active license as a Clinical Social Worker in another United States jurisdiction for at least two years; and
2. Your LCSW license is at the highest level for independent clinical practice in that jurisdiction; and
3. The license you hold is current, and has been active and unrestricted for at least two years immediately before the date the Board receives your application; and
4. The degree that qualified you for your LCSW license is a master’s degree in social work obtained from a school accredited by the Council on Social Work Education (CSWE).

If you do not meet all four of the above requirements, you must apply under Path B. You may also apply for [registration](#) as an Associate Clinical Social Worker (ASW), which allows you to work under supervision while you complete the requirements to become licensed under Path B (*access the ASW application at www.bbs.ca.gov>Applicant>LCSW*).

5. What are the minimum degree requirements for licensure under Path B?

6. What if my degree is from a school located outside of the United States?

The evaluation must be performed by the CSWE or a CSWE-approved agency, and must include the following:

- A statement that the degree has been evaluated for equivalency with CSWE standards.
- If the evaluation is performed by a CSWE-approved agency, the evaluation must include a statement that the agency is approved by the CSWE.

You will also be required to submit an official transcript. The Board has the right to request additional information and to make the final determination of whether a degree meets all requirements including coursework, regardless of evaluation or accreditation.

7. What additional units and coursework must I complete prior to approval of my Application for LCSW Licensure under Path B?

CALIFORNIA LAW AND ETHICS COURSE

Note: This is a separate requirement from the California Law and Ethics Exam.

You must complete a 12-hour California Law and Ethics course that contains the content specified in BPC section [4996.17.2\(d\)\(2\)\(F\)](#), taken from an acceptable continuing education (CE) provider.

9. What are the supervised experience requirements of Path B?

➔ If you are licensed as an LCSW in another state or country at the highest level for independent clinical practice:

Your requirements will depend on the conditions under which you were licensed, as described below:

- If you are currently licensed as an LCSW in another United States jurisdiction that requires at least 3,000 hours of supervised experience:

You do not need to submit verification of experience.

- If you are licensed as an LCSW in another country:

You must submit verification of 3,000 hours and 104 weeks of substantially equivalent* work experience.

- If you were licensed as an LCSW in another state or country that requires LESS than 3,000 hours of supervised experience:

You may make up any deficit using time actively licensed as an LCSW in good standing in another state or country at the rate of 100 hours per month licensed at the highest level (up to a maximum of 1,200 hours, with no verification required for these hours). For example, those licensed in New York or Florida must submit documentation of additional qualifying supervised work experience because those states require less than 3,000 hours to become licensed.

➔ **All other applicants:**

You must submit verification of substantially equivalent* supervised postdegree work experience totaling 3,000 hours and 104 weeks.

***Substantially equivalent experience**

- Experience must have been supervised by a licensed mental health professional who met all of the following qualifications:
 - Licensed in the state where the hours were earned at the highest level for independent practice as a LCSW, LMFT, LPCC, Licensed Psychologist or Board-Certified Psychiatrist; and
 - Licensed as one of the above for at least two years prior to the commencement of supervision; and
 - License was active and in good standing at the time your hours were earned.
 - If your experience was earned in another country, your supervisor must meet the following additional qualifications:
 - The license the supervisor holds was issued by a government regulatory body; and
 - The supervisor completed post-degree supervised experience in order to get their license; and
 - The supervisor took a licensing exam recognized by their country’s regulatory body; and
 - The supervisor holds at least a master’s degree in a mental health discipline recognized by the Board.
- Experience must include a minimum of 1,700 hours under the supervision of an LCSW who met all of the above qualifications.
- If the state or country in which your hours were earned required a registration in order to gain experience, you must have been registered during the time you earned your hours.

If you need to gain additional hours

If additional hours are needed and will be gained in California, you must first register as an [Associate](#) and comply with all requirements for hours gained in California (*access the application at www.bbs.ca.gov>Applicant>LCSW*).

10. What are the examination requirements of Path B?

You must pass both of the following exams:

- California Law and Ethics Exam:

You will be eligible to take this exam after issuance of your Associate number or upon approval of your *Application for Licensure*.

- Association of Social Work Boards (ASWB) Clinical Exam:

You will be eligible to take this exam after approval of your *Application for Licensure* and after passing the Law and Ethics Exam.

If you have already passed the ASWB Clinical exam, the Board may be able to accept your passing score, as described below:

- If you do NOT hold a current license or registration in another state or country:

Your passing score must be less than seven (7) years old as determined by the date of the Board's receipt of your California *Application for Licensure*.

- If you DO currently hold a license or registration in another state or country, AND your license or registration is active and in good standing at the time of application and is not revoked, suspended, surrendered, denied or otherwise restricted or encumbered:

A passing score of any age will be accepted.

The Board must receive official verification of your passing score from the [Association of Social Work Boards](#) (via www.aswb.org). Be sure to follow the score verification requirements as described in the [Application for Licensure – Path B](#) (access at https://www.bbs.ca.gov/pdf/forms/lcs/lcsapp_oos_path_b.pdf).
