Associate Clinical Social Worker
Frequently Asked Questions

Revised January 2026

The information provided in this publication is supplemental and is intended to serve as a quick answer guide for common questions for those pursuing licensure as a Licensed Clinical Social Worker (LCSW). The Board's Statutes and Regulations contain the official legal code sections. The Board encourages you to thoroughly read the Statutes and Regulations pertaining to the clinical social work profession.

A. ASW REGISTRATION; WORK SETTINGS; LAW AND ETHICS EXAM

1. What are the requirements to become an Associate?

Please see the [ASW Registration Application](#) (available at www.bbs.ca.gov>Applicant>LCSW>Forms/Pubs) for all requirements.

2. When can my hours begin counting towards the LCSW licensing requirements? What is the 90-day rule?

This depends on when you applied for ASW registration:

If you applied for ASW registration PRIOR TO January 1, 2019:

Hours of work experience and supervision may only begin counting once your ASW registration number has been issued.

If you applied for ASW registration ON OR AFTER January 1, 2019:

If the Board receives your application for ASW registration within 90 days of your degree award date, and you are thereafter issued an ASW registration, all post-degree hours of supervised experience may be credited. Hours gained under this “90-day rule” must comply with all experience and supervision requirements in order to count toward licensure.

Additional Requirement for Applicants who Graduated ON OR AFTER January 1, 2020:

Hours may only be accepted under the “90-day-rule” described above IF the hours are obtained at a workplace that, prior to the applicant gaining hours, required live scan fingerprinting. To count these hours, you must provide a copy of the processed “State of California Request for Live Scan Service” form (provided by your employer) with your *Application for Licensure*. **A copy of the processed form is the ONLY acceptable documentation specified in law.** If you cannot provide a copy of the processed Request for Live Scan Service form from your employer, your experience hours will only count from the date your Associate registration is issued. There are no exceptions. See the [90-Day Rule FAQ](#) for more information (available at www.bbs.ca.gov>Applicant>LCSW>Forms/Pubs).

Statute cited: BPC section 4996.23(b)

3. What is a private practice or professional corporation (aka “nonexempt setting”) and when will I be allowed to work in either of these settings?

4. Are there any limitations on working in a private practice or professional corporation?

You may not work in a private practice or professional corporation until your ASW registration number has been issued by the Board. You may only work in a private practice or professional corporation for the first six (6) years after your Associate

registration is issued. You are not permitted to work in these settings after that time. There are no exceptions.

“Private practice” means a type of nonexempt setting that meets all of the following criteria:

- The practice is owned by a licensed health professional either independently or jointly with one or more other licensed health professionals;
- The practice provides clinical mental health services, including psychotherapy, to clients; and,
- One or more licensed health professionals are responsible for the practice and for the services provided and set conditions of client payment or reimbursement for the provision of services.

“Professional corporation” means a type of nonexempt setting and private practice that has been formed pursuant to Part 4 (commencing with Section 13400) of Division 3 of Title 1 of the California Corporations Code.

Statutes cited: BPC sections 4996.14.2(a), 4996.23(c) and 4996.28(c)

5. What is an exempt setting?

An exempt setting is a governmental entity, a school, a college, a university, or an institution that is both nonprofit and charitable (designated as a “501(c)(3)” by the Internal Revenue Service).

Statute cited: BPC section 4996.14

6. Now that my ASW registration has been issued, can I start practicing independently / open my own office?

No. Independent practice cannot begin until you are issued an LCSW license. Independent practice (or opening your own office) is considered unlicensed practice and is subject to disciplinary action by the Board. You are also prohibited from receiving any remuneration (payment) from clients directly for services performed until you are licensed, and are prohibiting from leasing or renting space, paying for furnishings, equipment, or supplies or in any other way pay for the obligations of your employer.

Statutes cited: BPC sections 4991.1, 4992.3, 4996, and 4996.23.2; Regulation cited: Title 16, California Code of Regulations (CCR) section 1881

7. When am I required to renew my ASW registration? What must I do to renew?

Registrations expire annually and have a total six (6)-year time limit. Your registration’s expiration date will be printed on your registration certificate. You will be mailed a courtesy renewal notice 90 days prior to your expiration date. If you have an email address on record with the Board in the Breeze system, you will also receive an email reminder. The Board encourages renewing online as it takes effect instantly as long as all renewal requirements are met.

To qualify for renewal, you must do all of the following:

- If you have not yet passed the California Law and Ethics exam, you must take the exam during your renewal cycle to be permitted to renew.
- Complete 3 hours of continuing education in California Law and Ethics during your renewal cycle (the one-year period prior to your registration's expiration date). See the [Registrant Continuing Education Brochure](#) (available at www.bbs.ca.gov>Licensee>Continuing Education>Mandatory Coursework) for more information.
- Pay a renewal fee.

Note: Registrations can only be renewed five (5) times and have a total six (6)-year age limit. See questions [11-14](#) for information about subsequent registrations.

Statute cited: BPC sections 4996.22 and 4996.28

8. When do I need to take the Law and Ethics Exam? What happens if I don't take it before my registration's expiration date?

Associates **who have not yet passed** the California Law and Ethics Exam **MUST** take this exam during their renewal cycle in order to renew their registration. There are no exceptions.

If you have not passed the exam, it is critical that you apply to take the exam early in your renewal cycle and schedule your exam well in advance of your expiration date to ensure your ability to renew on time. Exam applications can take up to 6 weeks for processing. The test administrator may not have immediate test dates available, so be sure to allow enough time for scheduling (allow even more time if you have applied for testing accommodations).

If you wait until the last minute to apply, schedule, or take the exam, you risk delaying your ability to renew. Your employer is unlikely to allow you to work with an expired registration, and you won't be able to count any experience hours toward licensure during the time your registration lapsed.

Statute cited: BPC sections 4992.09, 4996.23 and 4996.28

9. How do I apply to take or retake the California Law and Ethics Exam?

See the Board's [website](#) for this information, including FAQs (www.bbs.ca.gov>Exams>California Law and Ethics Exam).

10. What happens if I don't pass the California Law and Ethics Exam?

You will need to apply to retake the exam and pay a re-exam fee. You will not be eligible to retake the exam until after at least 90 days have passed from the date you last took the exam. You will be required to take the exam during your next renewal cycle

in order to renew. Note: You do not need to pass the exam in order to renew your registration; you just need to have taken it during your renewal cycle.

Statute cited: BPC section 4992.09; Regulation cited: Title 16, CCR section 1805.05

11. What happens if I haven't passed the Law and Ethics Exam by my registration's 6-year time limit?

You cannot be issued a subsequent registration unless you have passed the LCSW Law and Ethics Exam. There are no exceptions. See the questions below for information about subsequent registrations.

Statutes cited: BPC sections 4992.09 and 4996.28

12. How do I obtain a second or third (subsequent) ASW registration number?

13. Can I count experience gained under a subsequent number?

14. Can I work in a private practice or professional corporation under a subsequent ASW registration number?

California law permits an Associate registration to be renewed five (5) times before being cancelled upon the registration reaching six (6) years of age. Prior to cancellation, you may apply for a subsequent (second or third) registration number. Apply early to avoid a lapse in your registration (up to 90 days in advance of your registration's cancellation date).

To apply, submit the [ASW Subsequent Registration](#) application (*available at www.bbs.ca.gov > Applicant > LCSW > Forms/Pubs) with the required fee. You may continue to count hours of experience under your subsequent Associate number; however, your hours can only be up to six years old at the time you apply for licensure, as explained in question [24](#).*

Only those who have been issued a first ASW registration number may work in a private practice or professional corporation. An applicant issued a subsequent ASW number cannot work in a private practice or professional corporation (see questions [3-5](#) for setting definitions). All other work settings are permissible.

Statute cited: BPC section 4996.28(c)

15. What happens once I pass the Law and Ethics Exam?

If you are still earning your hours of supervised experience, you will continue as an Associate until you have completed your hours. No further exams are required until you apply for licensure. You may apply for licensure once you have met all education and experience requirements. Upon approval of your *Application for Licensure*, you will be required to take and pass the Association of Social Work Boards (ASWB) Clinical Level Exam. Once you have passed the ASWB exam, you will submit an *Application for Initial License Issuance* and fee.

Statute cited: BPC section 4992.05; Regulation cited: Title 16, CCR section 1877.1

B. EXPERIENCE HOURS, SUPERVISION AND EMPLOYMENT

16. What is the breakdown for the experience required to become a LCSW?

California law requires 3,000 hours of supervised post-degree professional experience, including 104 supervised weeks, in order to qualify for LCSW licensure.

An applicant for licensure cannot be approved to sit for the clinical exam without completing both the 3,000 hours of experience and the 104 required supervised weeks.

The charts below and on the following page provide a breakdown of the requirements for experience hours and supervision hours.

3,000 HOURS OF SUPERVISED EXPERIENCE BREAKDOWN OF REQUIREMENTS

Category	Minimum or Maximum
Clinical psychosocial diagnosis, assessment, and treatment, including psychotherapy or counseling	<i>Minimum 2,000 hours (no maximum)</i>
Face-to-face individual or group psychotherapy provided in the context of clinical social work services	<i>Minimum 750 hours (of the above 2,000 – no maximum)</i>
Client-centered advocacy*, consultation, evaluation, research, workshops, seminars, training sessions or conferences, and direct supervisor contact	<i>Maximum 1,000 hours</i>
Supervision by an LCSW	<i>Minimum 1,700 hours and 13 weeks (no maximum)</i>
Supervision by a Licensed Educational Psychologist (LEP)	<i>Maximum 1,200 hours (see question 29 for other restrictions)</i>
Supervision by any other type of qualified licensed mental health professional	<i>As long as 1,700 hours are gained under an LCSW, there are no other minimums. The only maximum is 1,200 hours under an LEP – no maximum for any other allowable supervisor.</i>

*See question [18](#) for a definition of Client-Centered Advocacy.

104 “SUPERVISED WEEKS”

BREAKDOWN OF REQUIREMENTS

A “supervised week” means a week in which an Associate meets with a supervisor for one 1 hour of individual or triadic supervision or two 2 hours of group supervision

104 SUPERVISED WEEKS – OVERALL MINIMUMS

Supervision Amount and Type	Minimum
One (1) hour of Individual or Triadic supervision per week	52 weeks (no maximum)
One (1) hour of Individual or Triadic supervision by an LCSW per week	13 weeks (<i>of the above 52; no maximum</i>)
Two (2) hours of Group supervision per week	No minimum

WEEKLY MINIMUMS AND MAXIMUMS

Category	Minimum or Maximum
Supervision required weekly in each work setting	Minimum one (1) hour of individual or triadic supervision, or two (2) hours of group supervision.
Supervision required within each week that experience is claimed	Minimum one (1) hour of individual or triadic supervision, or two (2) hours of group supervision.
Additional supervision required weekly in each work setting (<i>supervision ratios</i>)	If more than 10 hours of clinical psychosocial diagnosis, assessment, and treatment, including psychotherapy or counseling is performed in a week in any work setting, then one (1) additional hour of individual or triadic supervision, or two (2) additional hours of group supervision is required during that week (see question 26 for more information on supervision ratios).
Experience hours credited weekly	A maximum of 40 hours of experience may be credited in any 7 consecutive days between all settings toward licensure.
Supervision hours credited weekly	A maximum of six (6) hours of individual, triadic, or group supervision in any week may be credited toward licensure.

Statutes cited: BPC sections 4996.23 and 4996.23.1; Regulation cited: Title 16, CCR section 1874

17. What is triadic supervision?

Triadic supervision is defined as face-to-face supervision consisting of one supervisor and two supervisees. It is counted under the law as equivalent to individual supervision.

Statute cited: BPC section 4996.23.1(b)(2)

18. What is client-centered advocacy?

Client-centered advocacy may include, but is not limited to, researching, identifying, and accessing resources, or other activities, related to obtaining or providing services and supports for clients or groups of clients receiving psychotherapy or counseling services. It is up to your supervisor to determine whether any hours would fall under this category since they are responsible for signing off on your weekly logs and experience verification forms.

19. What is the definition of “telehealth counseling”?

20. How many telehealth hours can I count toward licensure?

Telehealth refers to the mode of delivering health care services and public health via information and communication technologies to facilitate the diagnosis, consultation, treatment, education, care management, and self-management of a patient’s health care while the patient is at the originating site and the health care provider is at a distant site. Supervisees are encouraged to familiarize themselves with the [standards of practice for telehealth](#). There is no limit on the number of telehealth hours that can be counted toward the supervised experience requirements.

Statutes cited: BPC sections 2290.5 and 4996.23; Regulation cited: Title 16, CCR section 1815.5

21. Can an Associate who is traveling out-of-state provide services to a client in California and can they count those hours toward licensure?

Yes, as long as the following are complied with:

- The supervisor makes an assessment and deems it appropriate;
- The [standards of practice for telehealth](#) are met;
- Supervision is provided by the California supervisor via face-to-face videoconferencing; and,
- All other requirements pertaining to Associates are met.

Statutes cited: BPC sections 2290.5, 4980.42, 4980.43, and 4980.43.2; Regulation cited: Title 16, CCR section 1815.5

22. Can I count supervised experience gained in another state toward California licensure?

You may be able to count experience gained in another state if it is substantially equivalent to the experience required in California. See the [Guide to Requirements for Out-of-State or Out-of-Country Applicants for Licensure](#) for more information (access at www.bbs.ca.gov>Applicants>LCSW>Out-of-State/Out-of-Country).

23. Can I count supervised experience gained in California toward licensure in another state?

You would need to contact the licensing agency in the state where you would like to become licensed for that information, as every state is different.

24. How far back can hours of experience be counted? What is the six-year rule?

The Board cannot accept hours of experience older than six (6) years from the date the Board receives your *Application for Licensure*. The law does not allow the Board to grant exceptions.

For example, the Board receives an *Application for Licensure* on 4/27/2022. The Board can only accept hours earned by this applicant (under all ASW numbers) between 4/27/2016 and 4/27/2022 if all other requirements are met.

It is important to note that if your *Application for Licensure* is closed (also known as abandonment), you will be required to re-apply. Your six-year period will be recalculated to six years back from the date your new application is received, so it is important that you understand how the actions you take could result in file closure/abandonment. For more information on file closure/abandonment, see question [42](#).

Statute cited: BPC section 4996.23

25. How do I determine the amount of supervision I need each week?

26. What is the required ratio of supervision to direct clinical counseling hours?

“One unit” of supervision = one (1) hour of individual or triadic supervision OR two (2) hours of group supervision.

Supervisees are required to obtain one (1) unit of supervision, as defined above, during any week in which experience is gained in each setting.

If the supervisee provides more than 10 hours of clinical psychosocial diagnosis, assessment, and treatment, including psychotherapy or counseling during a single week in any work setting, the supervisee must receive a total of two (2) units of supervision in that same week in that setting.

EXAMPLE #1: A supervisee works one job and provides 25 hours of direct clinical counseling in a single week. This supervisee must receive two (2) units of supervision during this week.

EXAMPLE #2: A supervisee works two jobs and provides 12 hours of direct clinical counseling at Job A and nine (9) hours of direct clinical counseling at Job B during the same week. This supervisee must receive a total of three (3) units of supervision during that week - two (2) units at Job A and one (1) unit at Job B.

Statute cited: BPC section 4996.23.1

27. Can I be paid as a 1099 / independent contractor or bill clients directly?

28. Can I be employed as a volunteer?

You must be either a paid W-2 employee or a volunteer employee. You may not bill clients directly. You will be required to submit proof of employment status for the period of time during which you gained hours as an Associate when applying for licensure.

There are limited circumstances under which you may be paid under a 1099. If you work as a volunteer and receive reimbursement for expenses actually incurred, receiving a 1099 for those reimbursements is acceptable. If you have received a stipend or educational loan repayment from a program designed to encourage demographically underrepresented groups to enter the profession, or to improve recruitment and retention in underserved regions or settings, a 1099 for the stipend or loan repayment is acceptable. Those paid under a 1099 may be audited by the Board to ensure the payment was for one of the above purposes.

Statute cited: BPC section 4996.23.2(g), (h) and (i)

29. Who is eligible to supervise ASWs?

The following California-licensed mental health professionals are permitted to supervise experience hours for an ASW:

- LCSWs
- Licensed Marriage and Family Therapists (LMFT)
- Licensed Professional Clinical Counselors (LPCC)
- Licensed Psychologists
- Licensed Educational Psychologists (LEP) (**Note:** LEPs may only supervise up to 1,200 hours, which must consist of educationally related mental health services that are consistent with the LEP scope of practice described in [BPC section 4989.14](#))
- Licensed Physicians certified in Psychiatry by the American Board of Psychiatry and Neurology

Additionally, the supervisor must meet all of the following requirements:

- Complete the supervisor training and continuing professional development required by law (Licensed Psychologists and Physicians certified in Psychiatry are exempt from these requirements); and
- Maintain a current and active California license that is not under suspension or probation. (You can check your supervisor’s status any time on the Department of Consumer Affairs License Search [here](#)); and
- Have been licensed in California or any other state for at least two (2) years out of the last five (5) years prior to the commencement of supervision; and
- Have practiced psychotherapy or psychological counseling during at least two (2) years out of the last five (5) years prior to the commencement of supervision; **OR**
- Have provided direct supervision to ASWs, Associate Professional Clinical Counselors, Marriage and Family Therapist (MFT) Trainees, and/or Associate MFTs who perform psychotherapy during at least two (2) years out of the last five (5) years prior to the commencement of supervision.

The following types of relationships are prohibited between a supervisor and supervisee:

- The supervisor may not have ever provided therapeutic services to the supervisee.
- The supervisor may not be a spouse, domestic partner or other relative of the supervisee.
- A supervisor may not have (currently or previously) a personal, professional or business relationship with the supervisee that undermines the authority of effectiveness of supervision.

A list of other requirements pertaining to supervisors, including supervisor responsibilities, is contained in the [Supervision Agreement](#) form.

Statutes cited: BPC sections 4989.14 and 4996.20

30. How many supervisees can participate in a session of group supervision?

Group supervision sessions shall include no more than eight (8) persons receiving supervision for providing clinical mental health services, even if there are two (2) or more supervisors present. Group supervisors must ensure that the amount and degree of supervision is appropriate for each supervisee.

Statute cited: BPC section 4996.23.1(b)(3)

31. Can group supervision be broken into one-hour increments?

Group supervision can be broken into one-hour sessions, as long as both increments (full two hours) are provided in the same week as the experience being claimed.

Statute cited: BPC section 4996.23.1(b)(3)

32. Can I receive supervision via videoconferencing or over the telephone?

You may be able to obtain supervision via live two-way videoconferencing if your supervisor determines that it is appropriate to do so. The supervisor is responsible for ensuring that the client confidentiality is preserved. For more information see the [AB 1758 FAQ](#) (available at www.bbs.ca.gov>Applicant>Law Changes). Supervision provided over the telephone will not count toward licensure because the law requires supervision to have a face-to-face component.

Statute cited: BPC section 4996.23.1

33. What happens if my supervisor is temporarily unavailable to provide supervision?

Alternative supervision must be arranged. The substitute supervisor must meet all regular supervisor qualifications. In addition:

- The substitute supervisor must sign your weekly log.
- You and the substitute supervisor must sign a *Supervision Agreement*.
- The substitute supervisor and your employer must sign a *Written Oversight Agreement* if one is required.

If the substitute is supervising you for MORE than 30 consecutive calendar days:

- A new supervisory plan is also required, and
- The substitute supervisor must sign an *Experience Verification* form for hours earned under their supervision.

If the substitute is supervising you for 30 consecutive calendar days or LESS:

- A new supervisory plan is not required.
- Your regular supervisor may sign an *Experience Verification* form that includes the experience gained under the substitute.

Regulation cited: 16 CCR section 1870.3

34. Do my supervisor and I have to be employed by the same employer?

35. Does my supervisor have to be on site?

If the Associate will be working in a private practice or professional corporation, the supervisor must (1) be employed by or contracted by the Associate's employer or be an owner of the practice, and (2) either provide psychotherapeutic services to clients for the Associate's employer or have a written contract with the Associate's employer that provides the supervisor with the same access to the Associate's clinical records as is provided to employees of the Associate's employer.

In any work setting, if the supervisor is not employed by the Associate's employer or is a volunteer, a written oversight agreement that addresses the supervisor's and employer's responsibilities must be signed by the supervisor and the employer prior to commencement of supervision. See the Board's [website](http://www.bbs.ca.gov) for a sample written oversight agreement (*available at www.bbs.ca.gov>Applicant>LCSW>Forms/Pubs*).

In any setting, Associates may only perform services at the places where their employers permit business to be conducted, which may include performing services at other locations, so long as the services are performed in compliance with the laws pertaining to supervision.

Whether a supervisor is required to be on site depends on the situation. Supervisors must consider their responsibilities as defined in LCSW law, which includes taking responsibility for, and control of, the quality of clinical social work services being provided by the supervisee. Among other responsibilities, supervisors are required to do all of the following, whether they are on site or off site:

- Ensure that the extent, kind and quality of clinical social work performed by the supervisee is consistent with the training and experience of the supervisee.
- Monitor and evaluate the supervisee's assessment, diagnosis and treatment decisions and providing regular feedback.
- Monitor and evaluate the ability of the supervisee to provide services at the site(s) where he or she will be practicing and to the particular clientele being served.
- Monitor and address clinical dynamics, including, but not limited to, countertransference-, intrapsychic-, interpersonal-, or trauma-related issues that may affect the supervisory or the practitioner-patient relationship.
- Ensure compliance with all laws governing the practice of clinical social work.
- Review the supervisee's progress notes, process notes, and other patient treatment records, as deemed appropriate by the supervisor.
- With the client's written consent, providing direct observation or review of audio or video recordings of the supervisee's counseling or therapy, as deemed appropriate by the supervisor.

Upon request by the Board, a supervisor is required to provide the Board with documentation that verifies the supervisor's compliance with all requirements.

Statutes cited: BPC sections 4996.20 and 4996.23.3; Regulation cited: Title 16, CCR section 1870

36. Where can I find more information about supervision?

Please see the [Guide to Supervision for ASWs](#) and the [Supervision Agreement](#) (*available at www.bbs.ca.gov>Applicant>LCSW>Forms/Pubs*).

37. What forms must I use to record my experience hours and supervision?

While gaining your hours of experience, you must use the following forms, available on the Board's [website](http://www.bbs.ca.gov) (available at www.bbs.ca.gov>Applicant>LCSW>Forms/Pubs).

It is critical that these forms are signed as required - applicants can lose experience hours if they are not:

- Weekly Log: Log your hours on this form on a weekly basis and have your supervisor sign weekly. You will retain the original logs. Do not submit Weekly Logs to the Board except upon request.
- Experience Verification: The purpose of this form is to provide verification of your hours when applying for licensure - **make sure that it is completed and signed upon the termination of your supervised experience with your supervisor**. The form indicates the total hours completed in each category under your supervisor, your supervisor's license information, and information about your employer. Your supervisor will sign the form and provide you with the original for submission with your *Application for Licensure*.

For Supervisory Relationships that Commenced ON OR AFTER January 1, 2022:

Supervision Agreement: You and your supervisor must sign this form, which includes a collaboratively developed Supervisory Plan, within 60 days of commencing supervision (if you are under a supervisor for less than 60 days it must be signed prior to termination). Retain for future submission with your *Application for Licensure*.

For Supervisory Relationships that Commenced BEFORE January 1, 2022:

- Responsibility Statement for Supervisors of an ASW: Your supervisor must have signed this form prior to commencing supervision and provide you with the original. Retain for future submission with your *Application for Licensure*.
- Supervisory Plan: Your supervisor must have signed this form prior to commencing supervision and provide you with the original. Retain for future submission with your *Application for Licensure*.

Submission of forms as directed in the instructions contained within the Application for Licensure will lessen the possibility that the licensing evaluator will need to request additional information from you, thus delaying the approval of your application.

38. How do I fill out *Experience Verification* forms or the *Weekly Log* if I have more than one supervisor in the same work setting?

If you are receiving supervision from two individuals in one employment setting, the board recommends that you record all hours under your primary supervisor, with one exception. Any actual **supervision hours** that you received under your secondary supervisor must be recorded and signed for by your secondary supervisor on separate weekly logs and a separate *Experience Verification* form (your primary supervisor is not permitted to sign for supervision hours provided by another supervisor). However, all of

your **work experience hours** in that setting may be recorded and signed for by your primary supervisor. Recording your experience in this manner will lessen the probability that the Board will need to request additional information from you when reviewing your *Application for Licensure*.

39. When do I need to send in supervision-related forms?

All supervision-related forms must be submitted with your *Application for Licensure*. Do not submit your Weekly Logs unless requested by the Board.

40. What types of signatures does the Board accept?

Signed documents may be original, scanned, or have an electronic signature.

41. How can I avoid losing experience hours as a registrant?

There are a number of avoidable events that could result in losing your hard-earned experience hours. Don't let this happen! Be sure to:

- Follow the [90-day rule](#).
- Ensure that your **supervisor** meets all requirements, including maintaining a current license.
- Ensure that you are **employed** as either a W-2 employee or a volunteer, and not as an independent contractor.
- Ensure that a **Supervision Agreement** is completed within 60 days of commencing supervision with each supervisor, and keep the signed agreement in a safe place.
- Ensure that your supervisor signs your experience **log** on a weekly basis and keep the signed logs in a safe place.
- Have your supervisor sign your **Experience Verification** form immediately upon conclusion of supervision. Don't wait until a later date, as unforeseen issues can arise with obtaining signatures later. Keep your signed form in a safe place.
- Renew your **Associate registration** timely and apply for a subsequent registration early (up to 90 days prior to your registration's cancellation date). You cannot earn hours without a current registration.
- Ensure that you complete all **hours of experience** within the six (6)-year period immediately preceding submission of your *Application for Licensure*.

C. QUALIFYING AND APPLYING FOR LICENSURE

42. What can cause my file to be closed? What happens when a file is closed?

File closure (also known as abandonment) could have major consequences, such as losing experience hours that are too old. Once a file is closed, an applicant may reapply, but must pay a new application fee and meet all current requirements. One of those requirements is that your hours are less than six (6) years old.

This means if your *Application for Licensure* is closed (abandoned), you would lose any hours of experience that are more than six (6) years old at the time of reapplication. See question [24](#) for more information about the six (6)-year rule.

The law specifies that an application shall be deemed abandoned, and the file closed, in any of the following circumstances:

- Applicant does not submit the remaining documents or information requested in the application deficiency letter within one (1) year from the date of the deficiency letter;
- Applicant does not complete the application within one (1) year after filing;
- Applicant who has submitted experience hours does not sit for an examination within one (1) year after being notified of initial eligibility to take the examination;
- Applicant who has submitted experience hours does not take an examination within one (1) year from the date the applicant was notified of failing an examination; or,
- The applicant fails to pay the initial license fee within one (1) year after notification by the Board of successful completion of LCSW requirements.

43. How can I avoid losing experience hours AFTER applying for licensure?

It is still possible to lose experience hours after submitting your licensure application (even after it has been approved). You can avoid this by doing the following:

- **Clear any deficiencies** in your *Application for Licensure* within one year of receiving a deficiency notice.
- **Take the Clinical exam within one year** of approval of your *Application for Licensure*; and, if you don't pass the exam, make sure to take it within one year from your last attempt.
 - If you don't test within these time frames, you will have to reapply for licensure, which may cause you to lose experience hours due to their age.
 - To help ensure you meet your one-year window for taking the clinical exam, make sure you do the following:
 - **Don't wait until your one-year time frame is near its end to schedule** your exam. Leave yourself a cushion in case you are unable to take the exam and need to reschedule due to an unforeseen event (being sick, vehicle breaking down, etc.).

- If you require **testing accommodations**, apply for them well in advance of your desired test date and allow additional time for scheduling.
- Know the process and time frames for **scheduling** the clinical exam, including the testing vendor's change/cancellation policy.
- Know the **requirements for participating** in the exam as specified in the [Candidate Handbook](#), such as identification requirements and security requirements.

Knowing the above information will help you avoid problems with obtaining a test date prior to the close of your one-year window or being turned away at the test site due to noncompliance with the testing vendor's requirements.

44. What additional coursework do I need to take prior to submitting my *Application for Licensure*?

In addition to possessing a master's degree in social work from an accredited school of social work, an applicant must complete specific courses prior to submitting an [Application for Licensure](#) (access at www.bbs.ca.gov>Applicant>LCSW>Forms/Pubs).

Course	Required of:	Length	Content Required

45. What is allowed for the Suicide Risk Assessment and Intervention training?

The suicide risk assessment and intervention training may be taken as a course; or, if this content was included within your supervised experience and you can obtain a written certification from the program’s director of training, or from your primary supervisor stating that the training was included within your supervised experience, it may be accepted in lieu of a course.

If this content was included within your qualifying degree program, you will need to obtain a written certification from the registrar or training director of your school or

program stating that this coursework was included within the curriculum required for graduation, or within the coursework that was completed by you. Otherwise, this requirement may be met by taking a 6 hour course from a school that holds a regional or national institutional accreditation recognized by the U.S. Department of Education, a school approved by the California Bureau for Private Postsecondary Education (BPPE), or other [acceptable continuing education provider](#) (available at www.bbs.ca.gov> Licensees> Continuing Education>Where to Find CE Courses).

Statute cited: BPC section 4996.27

46. Do I need to take my additional coursework at a university?

No. Additional coursework may be taken from a school that holds a regional or national institutional accreditation recognized by the U.S. Department of Education (USDE), a school approved by the California Bureau for Private Postsecondary Education (BPPE), or an [acceptable continuing education provider](#) (available at www.bbs.ca.gov> Licensees>Continuing Education>Where to Find CE Courses), and may be taken in-person or online.

47. Is my additional coursework too old?

Coursework may have been taken at any time in the past.

48. What type of employment documentation does the Board require with my Application for Licensure?

If a Paid Employee: You must provide a copy of your W-2 for each year of paid employment in each work setting, for all tax years during which you gained experience, with your *Application for Licensure*. If your W-2 is not available, you must obtain a duplicate W-2, which may be obtained from your employer. Alternatively, you may request a Wage and Income Transcript from the Internal Revenue Service. No other types of documents will be accepted in place of a W-2 or Wage and Income Transcript, with one exception for the current tax year, where you will need to include a photocopy of your most recent pay stub. Originals are not required - photocopies are acceptable.

If a Volunteer Employee: You must provide a letter from your employer verifying your status as a volunteer with your *Application for Licensure*. A sample letter verifying volunteer status is available on the Board's [website](#) (available at www.bbs.ca.gov> Applicant>LCSW>Forms/Pubs). Note: The letter from your employer must either be on the employer's letterhead or via email from your employer from a verifiable email address.

Statute cited: BPC section 4996.23.2

49. How can I provide verification of my experience if my supervisor is deceased or incapacitated?

The Board will review documentation on a case-by-case basis in order to make a determination. However, we recommend that you submit all of the following:

- Evidence that your supervisor is deceased or incapacitated. For example: A copy of an obituary or death certificate if deceased; a doctor's note, letter of conservatorship, or letter from the employer if incapacitated.
- All supervision documentation which had previously been signed by the supervisor, including:
 - The previously signed *Supervisor Responsibility Statement* or *Supervision Agreement*;
 - The previously signed *Supervisory Plan*; and
 - The previously signed *Weekly Log* forms.
- Documentation from the employer verifying employment of the supervisor and supervisee. A letter from the employer will suffice. Other documentation will be reviewed on a case-by-case basis.
- The written oversight agreement if your supervisor was not employed by your employer.

Note: Any letter from your employer must either be on the employer's letterhead or via email from your employer from a verifiable email address.

50. What should I do if my supervisor refuses to sign for my hours?

The first step is to contact your supervisor and inform them that they are obligated by law to sign for hours that you completed. The law (reference below) states, "A supervisor shall give at least one (1) week's prior written notice to a supervisee of the supervisor's intent not to sign for any further hours of experience for such person. A supervisor who has not provided such notice shall sign for hours of experience obtained in good faith where such supervisor actually provided the required supervision." If the supervisor continues to refuse to sign for your hours, you may then file a complaint with the Board. You may file your complaint electronically at www.breeze.ca.gov.

Regulation cited: Title 16, CCR section 1821

51. Do I need to resubmit fingerprints with my *Application for Licensure*

The Board only has access to your fingerprint results while you hold a license or registration with the Board. Applicants do NOT need to resubmit fingerprints if one or more of the following is true at the time the Board receives the *Application for Licensure*:

- Applicant possesses a current or delinquent Associate registration; or
- Applicant holds a cancelled Associate registration that has been cancelled for less than 30 days.

Regulation cited: Title 16, CCR section 1815

52. What happens once I submit my *Application for Licensure*?

The Board will evaluate your application to ensure that you meet all qualifications specified in law. Upon completion of the evaluation, you will be notified of any deficiencies in your application that need to be resolved. If there are no deficiencies, you will be notified of how to register for the exam.

It is important that you have a current email address on record with the Board as **your notification of eligibility to take the exam is sent to applicants via email only** by the Board's testing vendor. Add or change your email address using the instructions provided [here](#) (*available at www.bbs.ca.gov>Resources>Breeze Helpful Hints*).

Important: If there are any deficiencies in your application, you will have one (1) year from the date of the initial deficiency notice to clear all deficiencies. If you do not clear your deficiencies within one year, the law requires your file to be closed and you will be required to reapply, including payment of a new application fee (see question [42](#) for all consequences of file closure/abandonment).

Regulation cited: Title 16, CCR section 1806

53. Do I need to maintain a current ASW registration number to participate in the clinical exam?

The Board strongly encourages all individuals to maintain a current Associate registration and to continue recording experience hours until licensed as an LCSW, as a safeguard in the event that some of the hours submitted are unable to be accepted by the Board either now or in the future due to application closure/abandonment (see question [42](#)) and/or the "six-year rule" (see question [24](#) for more information).

Whether you are required by law to maintain a registration, however, will depend on the type of setting you are working in. If you are working in a private practice or professional corporation, you are required to maintain a current Associate registration until your LCSW license has been issued. If you are working in an exempt setting (an institution that is both non-profit and charitable, a school or a governmental entity), you are not required to maintain a registration. However, your employer may require it as a condition of employment.

Statutes cited: BPC sections 4996.14, 4996.14.2 and 4996.23. Regulation cited: Title 16, CCR section 1806

54. Must I continue to have supervision after my experience hours have been approved?

Once the required number of experience hours are gained, you must receive a minimum of one hour of direct supervisor contact per week for each practice setting in which direct clinical counseling is performed, and further supervision for nonclinical practice shall be at the supervisor's discretion.

However, the Board strongly encourages all individuals to maintain a current Associate registration and to continue receiving the same amount of supervision as is required to count experience toward licensure (including maintaining a weekly log, etc.) until licensed as an LCSW. This is recommended as a safeguard in the event that some of the hours of experience you submit are unable to be accepted by the Board.

Even if your hours are accepted and you are approved to take the exam, applicants can still lose hours if they don't take the clinical exam within the designated time frame (see question [43](#) for more information).

Statute cited: BPC section 4996.23.1(g)

55. Once I pass both exams, when will my license be issued and when can I start practicing independently?

Once you have passed both exams, your license will be issued within 30 business days from the date you complete one of the following:

- Apply to “upgrade to fully licensed” online via the Breeze system, and pay the initial licensure fee; or
- Submit a [Request for Initial License Issuance](#) form (*available at www.bbs.ca.gov> Applicant>LCSW> Forms/Pubs*) and pay the initial licensure fee.

DO NOT APPLY until you have completed all licensure requirements, or your application will be rejected.

Independent practice cannot begin until the Board issues your license. Otherwise, it is considered unlicensed practice, which is subject to disciplinary action by the Board.
