The Disciplinary Guidelines apply to all disciplinary matters; the Uniform Standards Related to Substance Abuse apply to cases of substance abuse. Deviation from the Disciplinary Guidelines, including the standard terms of probation, is appropriate where the Board in its sole discretion determines that the facts of the particular case warrant such a deviation – for example: the presence of mitigating or aggravating factors; the age of the case; evidentiary problems.

(b) Notwithstanding subsection (a), if the conduct found to be a violation involves drugs and/or alcohol, the violation is a substance abuse violation for purposes of Section 315 of the Code. - (a) Except as otherwise provided by law, if an individual is required to register as a sex offender pursuant to Section 290 of the Penal Code, or the equivalent in another state or territory, or military or federal law, the board shall:
- (1) Deny an application by the individual for licensure and registration, in accordance with the procedures set forth in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, if the crime meets the conditions for denial specified in Section 480 of the Business and Professions Code.
 - (2) Revoke the license or registration of the individual, in accordance with the procedures set forth in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and shall not stay the revocation nor place the license or registration on probation.
 - (3) Deny any petition to reinstate or reissue the individual's license or registration.
- (b) This section shall not apply to any of the following:
- (1) An individual who has been relieved under Section 290.5 of the Penal Code of his or her duty to register as a sex offender, or whose duty to register has otherwise been formally terminated under California law or the law of the jurisdiction that required registration.
 - (2) An individual who is required to register as a sex offender pursuant to Section 290 of the Penal Code solely because of a misdemeanor conviction under Section 314 of the Penal Code, provided, however, that nothing in this paragraph shall prohibit the board from exercising its discretion to deny or discipline a license or registration under any other provision of state law based upon the licensee's or registrant's conviction under Section 314 of the Penal Code.
 - (3) Any administrative proceeding that is fully adjudicated prior to the effective date of this regulation. A petition for reinstatement of a revoked or surrendered license or registration shall be considered a new proceeding for purposes of this paragraph, and the prohibition in subsection (a) against reinstating a license or registration shall govern.

INTRODUCTION

The Board of Behavioral Sciences (hereinafter “the Board”) is a consumer protection agency with the primary mission of protecting consumers by establishing and maintaining standards for competent and ethical behavior by the professionals under its jurisdiction. In keeping with its mandate, the Board has adopted the following uniform standards related to substance abuse and recommended guidelines for the intended use of those involved in the disciplinary process: Administrative Law Judges, respondents and attorneys involved in the discipline process, as well as Board members who review proposed decisions and stipulations and make final decisions.

These guidelines consist of four parts:

I. Uniform Standards Related to Substance Abuse – for those licensees and registrants with a violation related to alcohol and/or a controlled substance, or whose license or registration is on probation due to a substance abuse violation;

II. Penalty Guidelines - an identification of the types of violations and range of penalties for which discipline may be imposed;

III. Model Disciplinary Orders - language for proposed terms and conditions of probation; and

IV. Board Policies and Guidelines – for various enforcement actions.

The Board expects the penalty imposed to be commensurate with the nature and seriousness of the violation.

These penalty guidelines apply only to the formal disciplinary process and do not apply to other alternatives available to the Board, such as citations and fines. See Business and Professions Code Section 125.9 and Title 16 California Code of Regulations Section 1886.

I. Uniform Standards Related to Substance Abuse

Uniform Standards For Licensees Or Registrants Whose License Or Registration Is On Probation Due To A Substance Abuse Violation

The following standards shall apply in all cases in which a license or registration is placed on probation due, in part, to a substance abuse violation, unless the licensee or registrant rebuts that the violation is a substance abuse violation.

Clinical Diagnostic Evaluations

Whenever a licensee or registrant is ordered to undergo a clinical diagnostic evaluation, the evaluator shall be a licensed practitioner who holds a valid, unrestricted license to conduct clinical diagnostic evaluations, has three (3) years experience in providing evaluations of health care professionals with substance abuse disorders, and is approved by the Board. The evaluations shall be conducted in accordance with acceptable professional standards for conducting substance abuse clinical diagnostic evaluations.

The following practice restrictions apply to each licensee or registrant who undergoes a clinical diagnostic evaluation:

1. The Board shall suspend the license or registration during the clinical diagnostic evaluation pending the results of the clinical diagnostic evaluation and review by the Board.
2. While awaiting the results of a clinical diagnostic evaluation, the licensee or registrant shall be randomly drug tested at least two (2) times per week.

Clinical Diagnostic Evaluation Report

The clinical diagnostic evaluation report shall set forth, in the evaluator's opinion, whether the licensee or registrant has a substance abuse problem, whether the licensee or registrant is a threat to himself or herself or others, and recommendations for substance abuse treatment, practice, restrictions, or other recommendations related to the licensee or registrant's rehabilitation and safe practice.

The evaluator shall not have a financial, personal, business or professional relationship with the licensee or registrant. The evaluator shall provide an objective, unbiased, and independent evaluation.

If the evaluator determines during the evaluation process that a licensee or registrant is a threat to himself or herself or others, the evaluator shall notify the board within 24 hours of such a determination.

For all evaluations, a final written report shall be provided to the Board no later than ten (10) days from the date the evaluator is assigned the matter unless the evaluator requests additional information to complete the evaluation, not to exceed 30 calendar days.

The Board shall review the clinical diagnostic evaluation to determine whether or not the licensee or registrant is safe to return to either part-time or full-time practice and what restrictions or recommendations should be imposed on the licensee or registrant based on the application of the following criteria:

1. License or registration type;
2. Licensee or registrant's history;
3. Documented length of sobriety;
4. Scope and pattern of substance abuse;
5. Treatment history;
6. Medical history;
7. Current medical condition;
8. Nature, duration and severity of substance abuse problem; and
9. Whether the licensee or registrant is a threat to himself or herself or others.

No licensee or registrant shall be returned to practice until he or she has at least 30 calendar days of negative drug tests.

When determining if the licensee or registrant should be required to participate in inpatient, outpatient, or any other type of treatment, the Board shall take into consideration the recommendation of the clinical diagnostic evaluation, license or registration type, licensee or registrant's history, length of sobriety, scope and pattern of substance abuse, treatment history, medical history, current medical condition, nature, duration and severity of substance abuse and whether the licensee or registrant is a threat to himself or herself or others.

Supervisor Requirements

If the Board determines that a supervisor is necessary for a particular licensee or registrant, the supervisor must meet the following requirements to be considered for approval by the Board:

1. The supervisor shall not have a current or former financial, personal, business or professional relationship with the licensee or registrant, or other relationship that could reasonably be expected to compromise the ability of the supervisor to render impartial and unbiased reports to the Board. If it is impractical for anyone but the licensee or registrant's employer to serve as the supervisor, this requirement may be waived by the Board; however, under no circumstances shall a licensee or registrant's supervisor be an employee or supervisee of the licensee or registrant.

2. The supervisor's license scope of practice shall include the scope of practice of the licensee or registrant who is being monitored or be another health care professional if no supervisor with like scope of practice is available.
3. The supervisor shall be a current California licensed practitioner and have an active unrestricted license, with no disciplinary action within the last five (5) years.
4. The supervisor shall sign an affirmation that he or she has reviewed the terms and conditions of the licensee or registrant's disciplinary order and agrees to monitor the licensee or registrant as set forth by the Board.

The supervisor must adhere to the following required methods of monitoring the licensee or registrant:

1. Have a face-to-face contact with the licensee or registrant in the work environment on as frequent a basis as determined by the Board, but at least once per week.
2. Interview other staff in the office regarding the licensee or registrant's behavior, if applicable.
3. Review the licensee or registrant's work attendance.

Reporting by the supervisor to the Board shall be as follows:

1. Any suspected substance abuse must be orally reported to the Board and the licensee or registrant's employer within one (1) business day of occurrence. If the occurrence is not during the Board's normal business hours, the oral report must be within one (1) hour of the next business day. A written report shall be submitted to the Board within 48 hours of occurrence.
2. The supervisor shall complete and submit a written report directly to the Board monthly or as directed by the Board. The report shall include:
 - a. the licensee or registrant's name;
 - b. license or registration number;
 - c. supervisor's name and signature;
 - d. supervisor's license number;
 - e. worksite location(s);
 - f. dates licensee or registrant had face-to-face contact with supervisor;
 - g. worksite staff interviewed, if applicable;
 - h. attendance report;
 - i. any change in behavior and/or personal habits; and

- j. any indicators that can lead to suspected substance abuse.

The licensee or registrant shall complete the required consent forms and sign an agreement with the supervisor and the Board to allow the Board to communicate with the supervisor.

Chemical Dependency Support or Recovery Group Meetings

If the Board requires a licensee or registrant to participate in chemical dependency support or recovery group meetings, the Board shall take the following into consideration when determining the frequency of required group meeting attendance:

1. the licensee or registrant's history;
2. the documented length of sobriety;
3. the recommendation of the clinical diagnostic evaluator;
4. the scope and pattern of substance abuse;
5. the licensee or registrant's treatment history; and
6. the nature, duration, and severity of substance abuse.

5. Must report to the Board any unexcused absence of a Board licensee or registrant being required to participate within 24 hours.

The consequences for a major violation include, but are not limited to, the following:

4. Increased documentation;
5. Issuance of citation and fine or a warning notice;

Positive Test for Alcohol and/or a Controlled Substance

If a licensee or registrant tests positive for alcohol and/or a controlled substance, the Board shall do the following:

- Automatically suspend the license or registration;

- Immediately contact the licensee or registrant and inform him or her that his or her license or registration has been suspended and he or she may not practice until the suspension is lifted; and
- Immediately notify the licensee or registrant's employer that the license or registration has been automatically suspended, and that he or she may not practice until the suspension is lifted.

The Board should do the following, as applicable, to determine whether a positive test for alcohol and/or a controlled substance is evidence of prohibited use:

- Consult the specimen collector and the laboratory;
- Communicate with the licensee or registrant and/or treating physician; and
- Communicate with any treatment provider, including a group facilitator.

The Board shall immediately lift the suspension if the positive drug test is not found to be evidence of prohibited use.

Drug Testing Standards

The drug testing standards below shall apply to each licensee or registrant subject to drug testing. At its discretion, the Board may use other testing methods in place of, or to supplement, drug and alcohol testing, if appropriate.

1. Drug testing may be required on any day, including weekends and holidays.
2. Except as directed, the scheduling of drug tests shall be done on a random basis, preferably by a computer program.
3. Licensees or registrants shall be required to make daily contact as directed to determine if drug testing is required.
4. Licensees or registrants shall be drug tested on the date of notification as directed by the Board.
5. Specimen collectors must either be certified by the Drug and Alcohol Testing Industry Association or have completed the training required to serve as a collector for the U.S. Department of Transportation.
6. Specimen collectors shall adhere to the current U.S. Department of Transportation Specimen Collection Guidelines.
7. Testing locations shall comply with the Urine Specimen Collection Guidelines published by the U.S. Department of Transportation, regardless of the type of test administered.
8. Collection of specimens shall be observed.
9. Prior to vacation or absence, alternative drug testing location(s) must be approved by the Board.

10. Laboratories shall be certified and accredited by the U.S. Department of Health and Human Services.

A collection site must submit a specimen to the laboratory within one (1) business day of receipt. A chain of custody shall be used on all specimens. The laboratory shall process results and provide legally defensible test results within seven (7) days of receipt of the specimen. The Board will be notified of non-negative test results within one (1) business day and will be notified of negative test results within seven (7) business days.

Nothing herein shall limit the Board's authority to reduce or eliminate the standards specified herein pursuant to a petition for reinstatement or reduction of penalty filed pursuant to Government Code Section 11522 or statutes applicable to the Board that contain different provisions for reinstatement or reduction of penalty.

Drug Testing Frequency Schedule

The Board may order a licensee or registrant to drug test at any time. In addition, each licensee or registrant shall be tested randomly according to the following drug testing frequency schedule:

Level	Year of Probation	Minimum Range Number of Random Tests
I	Year 1	52-104 per year
II	Years 2 through 5	36-104 per year
III	After Year 5	Once per month*

*If no positive drug tests in the previous 5 consecutive years.

The Board may increase the number of random tests required at its discretion. If the Board suspects or finds that a licensee or registrant has violated the prescribed testing program, or finds that a licensee or registrant has committed a major violation, it may re-establish the testing cycle by placing that licensee or registrant at the beginning of Level I. This is in addition to any other disciplinary action.

Drug Testing Frequency Schedule Exceptions

The Board may make exceptions to the prescribed drug testing frequency schedule for the following reasons:

1. Licensee or Registrant Demonstrates Previous Testing and Sobriety

The licensee or registrant can demonstrate participation in a treatment or monitoring program which requires random testing, prior to being subject to testing by the Board. In such a case, the Board may give consideration to the previous testing by altering the testing frequency schedule so that it is equivalent to the standard.

2. Violations Outside of Employment

A licensee or registrant whose license or registration is placed on probation for a single conviction or incident, or two convictions or incidents, spanning greater than seven years from each other, where alcohol or drugs were a contributing factor, may bypass Level I and participate in Level II of the testing frequency schedule if the violations did not occur at work or on the way to or from work.

3. Not Employed in Health Care Field

The Board may reduce testing frequency to a minimum of twelve (12) times per year if the licensee or registrant is not practicing or working in any health care field. If reduced testing frequency is established for this reason, and the licensee or registrant returns to practice, the licensee or registrant shall notify and obtain approval from the Board. The licensee or registrant shall then be subject to Level I testing frequency for at least 60 days. If the licensee or registrant had not previously met the Level I frequency standard, the licensee or registrant shall be subject to completing a full year at Level I of the testing frequency schedule. If the licensee or registrant had previously met the Level I frequency standard, the licensee or registrant shall be subject to Level II testing after completing Level I testing for at least 60 days.

4. Tolling

The Board may postpone all testing for any person whose probation is placed in a tolling status if the overall length of the probationary period is also tolled. The licensee or registrant shall notify the Board upon his or her return to California and shall be subject to testing as provided in the testing frequency standard. If the licensee or registrant returns to practice and has not previously met the Level I testing frequency standard, the licensee or registrant shall be subject to completing a full year at Level I of the testing frequency schedule. If the licensee or registrant has previously met the Level I testing frequency standard, then Level II shall be in effect.

5. Substance Use Disorder Not Diagnosed

If a licensee or registrant is not diagnosed with a current substance use disorder, a lesser period of monitoring and toxicology screening may be adopted by the Board. This period may not be less than 24 times per year.

Criteria to Petition to Return to Practice

In order to petition to return to full time practice, a licensee or registrant shall have demonstrated all of the following:

1. Sustained compliance with his or her current recovery program;
2. The ability to practice safely as evidenced by current work site reports, evaluations, and any other information related to his or her substance abuse;
3. Must have at least six (6) months of negative drug screening reports and two (2) positive supervisor reports; and
4. Complete compliance with the other terms and conditions of his or her program.

Criteria to Petition for Reinstatement to Unrestricted License or Registration

1. Demonstrated sustained compliance with the terms of the disciplinary order (if applicable);
2. Demonstrated successful completion of a rehabilitation program (if required);
3. Demonstration of a consistent and sustained participation in activities that promote and support his or her recovery, including, but not limited to, ongoing support meetings, therapy, counseling, relapse prevention plan, and community activities;
4. Demonstrated ability to practice safely; and
5. Continuous sobriety for at least three (3) to five (5) years.

II. Penalty Guidelines

The following is an attempt to provide information regarding violations of statutes and regulations under the jurisdiction of the Board of Behavioral Sciences and the appropriate range of penalties for each violation. Each penalty listed is followed in parenthesis by a number, which corresponds with a number under the chapter "Model Disciplinary Orders." Examples are given for illustrative purposes, but no attempt is made to catalog all possible violations. Optional conditions listed are those the Board deems most appropriate for the particular violation; optional conditions not listed as potential minimum terms, should nonetheless be imposed where appropriate. Except as provided in the Uniform Standards Related to Substance abuse, the Board recognizes that the penalties and conditions of probation listed are merely guidelines and that individual cases will necessitate variations which take into account unique circumstances.

If there are deviations or omissions from the guidelines in formulating a Proposed Decision, the Board requires that the Administrative Law Judge hearing the case include an explanation of the deviations or omissions, including all mitigating factors considered by the Administrative Law Judge in the Proposed Decision so that the circumstances can be better understood by the Board during its review and consideration of the Proposed Decision.

III. Model Disciplinary Orders

Model Disciplinary Orders are divided into two categories. The first category consists of **Optional Terms and Conditions of Probation** that may be appropriate as demonstrated in the Penalty Guidelines depending on the nature and circumstances of each particular case. The second category consists of the **Standard Terms and Conditions of Probation** which must appear in all Proposed Decisions and proposed stipulated agreements.

To enhance the clarity of a Proposed Decision or Stipulation, the Board requests that all optional conditions (1-16) that are being imposed be listed first in sequence followed immediately by all of the standard terms and conditions, which include cost recovery (17- 32).

The Board will consider entering into stipulated settlements to promote cost effective consumer protection and to expedite disciplinary decisions. The respondent should be informed that in order to stipulate to settlement with the Board, he or she may be required to admit to the violations set forth in the Accusation. The Deputy Attorney General must accompany all proposed stipulations submitted with a memo addressed to Board members explaining the background of the case, defining the allegations, mitigating circumstances, admissions, and proposed penalty along with a recommendation.

By signing the stipulation, Respondent understands and agrees that he/she may not withdraw his/her agreement or seek to rescind the stipulation prior to the time the Board considers and acts upon it. If the Board fails to adopt this stipulation as its Decision and Order, the Stipulated Surrender and Disciplinary Order shall be of no force or effect, except for this paragraph, it shall be inadmissible in any legal action between the parties, and the Board shall not be disqualified from further action by having considered this matter.

Respondent further understands that the license surrender of his or her license, upon adoption, shall be considered to be a disciplinary action and shall become a part of respondent 's license history with the Board.

The respondent further agrees that with the adoption by the Board of his or her license surrender, respondent may not petition the Board for reinstatement of the surrendered license.

Respondent may reapply to the Board for licensure three years from the date of surrender and must meet all current requirements for licensure including, but not limited, to filing a current application, meeting all current educational and experience requirements, and taking and passing any and all examinations required of new applicants.

When a probation order is imposed, the Board requests that the Order first list the Optional Terms and Conditions (1-16) followed by the Standard Terms and Conditions (17-32) as they may pertain to the

particular case. If the respondent fails to appear for his or her scheduled hearing or does not submit a notice of defense, such inaction shall result in a default decision to revoke licensure or deny application.

Reinstatement / Reduction of Penalty Hearings

The primary concerns of the Board at reinstatement or penalty relief hearings are (1) the Rehabilitation Criteria for Suspensions or Revocations identified in Title 16, California Code of Regulations Section 1814, and (2) the evidence presented by the petitioner of his or her rehabilitation. The Board is not interested in retrying the original revocation or probation case. The Board shall consider the criteria outlined in Section 1814. ~~, pursuant to Section 1814, the following criteria of rehabilitation:~~

- ~~———— (1) ——— Nature and severity of the act(s) or crime(s) under consideration as grounds for suspension or revocation.~~

- ~~———— (8) ——— Evidence, if any, of rehabilitation submitted by the licensee.~~

In the Petition Decision, the Board requires a summary of the offense and the specific codes violated which resulted in the revocation, surrender, or probation of the license.

In petitioning for Reinstatement or ~~Reduction~~Modification of Penalty under Business and Professions Code Section ~~4982.24~~990.30, the petitioner has the burden of demonstrating that he or she has the necessary and current qualifications and skills to safely engage in the practice of marriage and family therapy, clinical social work, educational psychology, or professional clinical counselor within the scope of current law, and accepted standards of practice. In reaching its determination, the Board considers various factors including the following:

- A. The original violations for which action was taken against the petitioner's license;
- B. Prior disciplinary and criminal actions taken against the petitioner by the Board, any State, local, or Federal agency or court;
- C. The petitioner's attitude toward his or her commission of the original violations and his or her attitude in regard to compliance with legal sanctions and rehabilitative efforts;
- D. The petitioner's documented rehabilitative efforts;
- E. Assessment of the petitioner's rehabilitative and corrective efforts;

F. In addition, the Board may consider other appropriate and relevant matters not reflected above.

If the Board should deny a request for reinstatement of a revoked license or reduction of penalty (modification or termination of probation), the Board requests the Administrative Law Judge provide technical assistance in the formulation of language clearly setting forth the reasons for denial.

If a petitioner fails to appear for his or her scheduled reinstatement or penalty relief hearing, such proceeding shall go forth without the petitioner's presence and the Board will issue a decision based on the written evidence and oral presentations submitted.
